Global Chain Supply Performance Reporting

Federal-Mogul Motorparts is a leading global automotive supplier offering the most comprehensive portfolio of quality products, trusted brands and creative solutions to the automotive aftermarket.

BUSINESS CHALLENGES

- MIS Reports developed manually by more than 20 employees every week
- High percentage of errors in reports
- Data coming from different sources and formats (SAP, MS Excel, Flat files)

SOLUTION BENEFITS

- Completely automatic reports based on business rules
- Automatic validation & consolidation of different data sources to reports
- Employees free to do analysis work

CUSTOMER

- Global Automotive parts manufacturer and supplier

BUSINESS REQUIREMENTS

- Automation of Global Supply Chain Performance Reporting
- Collection of data from various local supply chain analysts across globe
- Integration of existing Excel based data streams

SOLUTION

- Standardization of global supply chain performance data coming in different formats
- Data collection through central application
- Data validation at data collection points, ability to correct data by local analyst
- Customized report generation, elimination of manual efforts
- Scalable solution with highly user friendly data collection and reporting process

TECHNOLOGIES

- ASP dot.NET, SSRS, SQL, AJAX and Window Scheduler
